## Six Item Cognitive Screen

Instructions to the patient: **I am going to tell you three words and then I want you to repeat them back to me. Please repeat - Apple - Table - Penny.**

*(You may repeat the instructions three times as necessary)*

1. What year is it? (1 point)
2. What Month is it? (1 point)
3. What Day of the week is it? (1 point)

What are the three objects I asked you to remember?

6. Apple (1 point)
7. Table (1 point)
8. Penny (1 point)

Score of less than 5 indicates impaired cognition.
